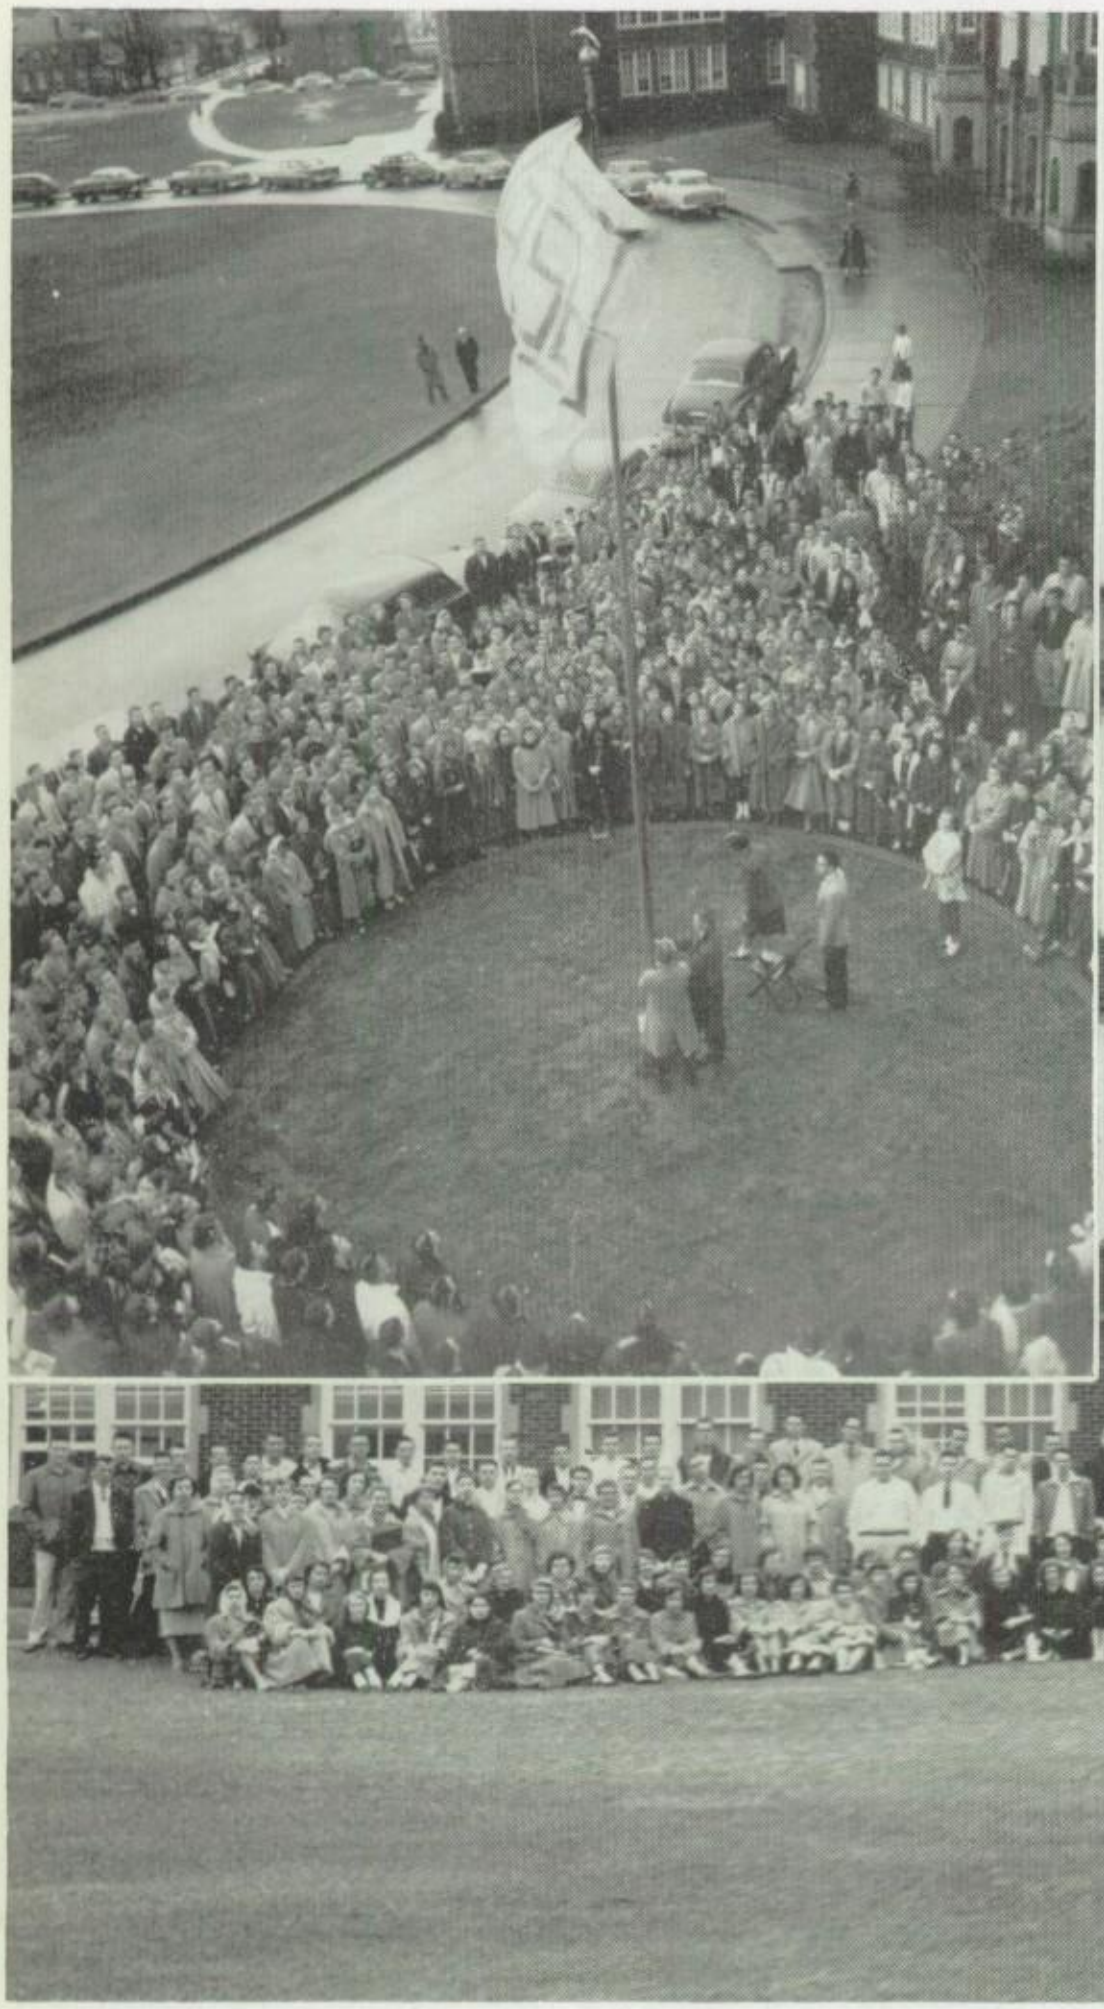
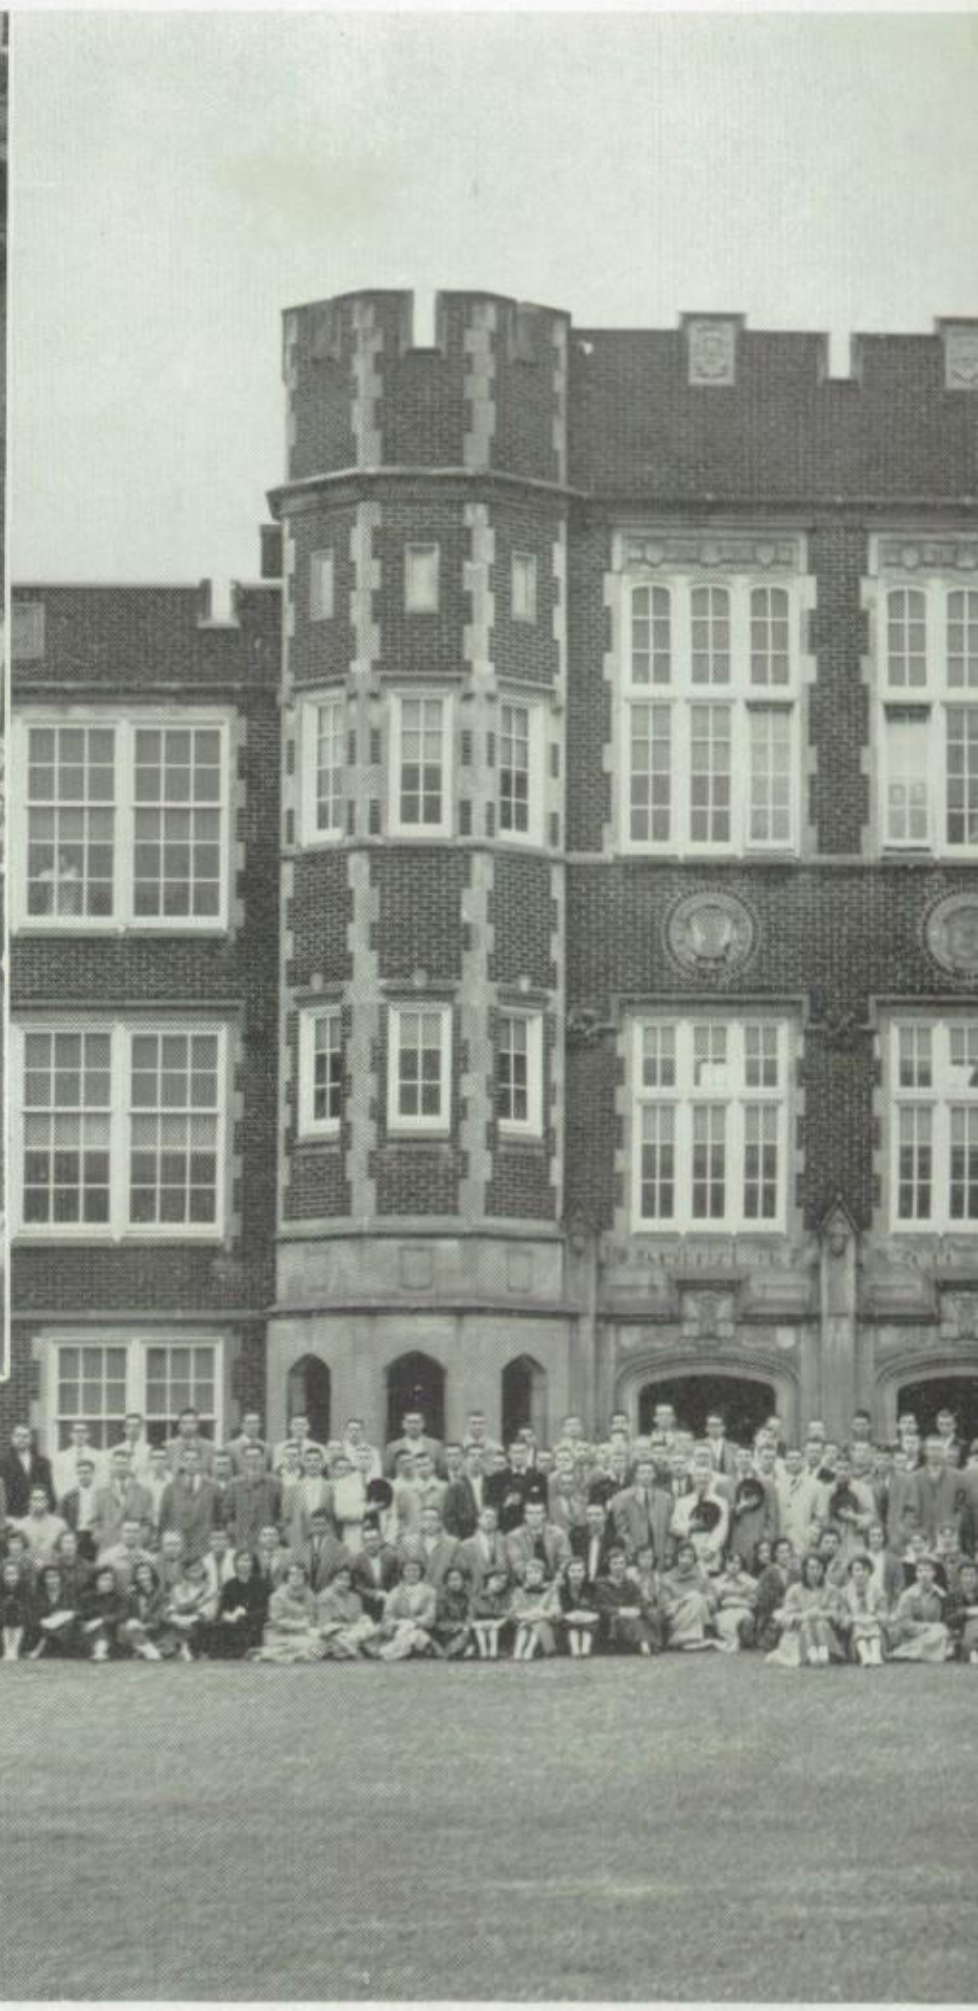
Color Day, 1956



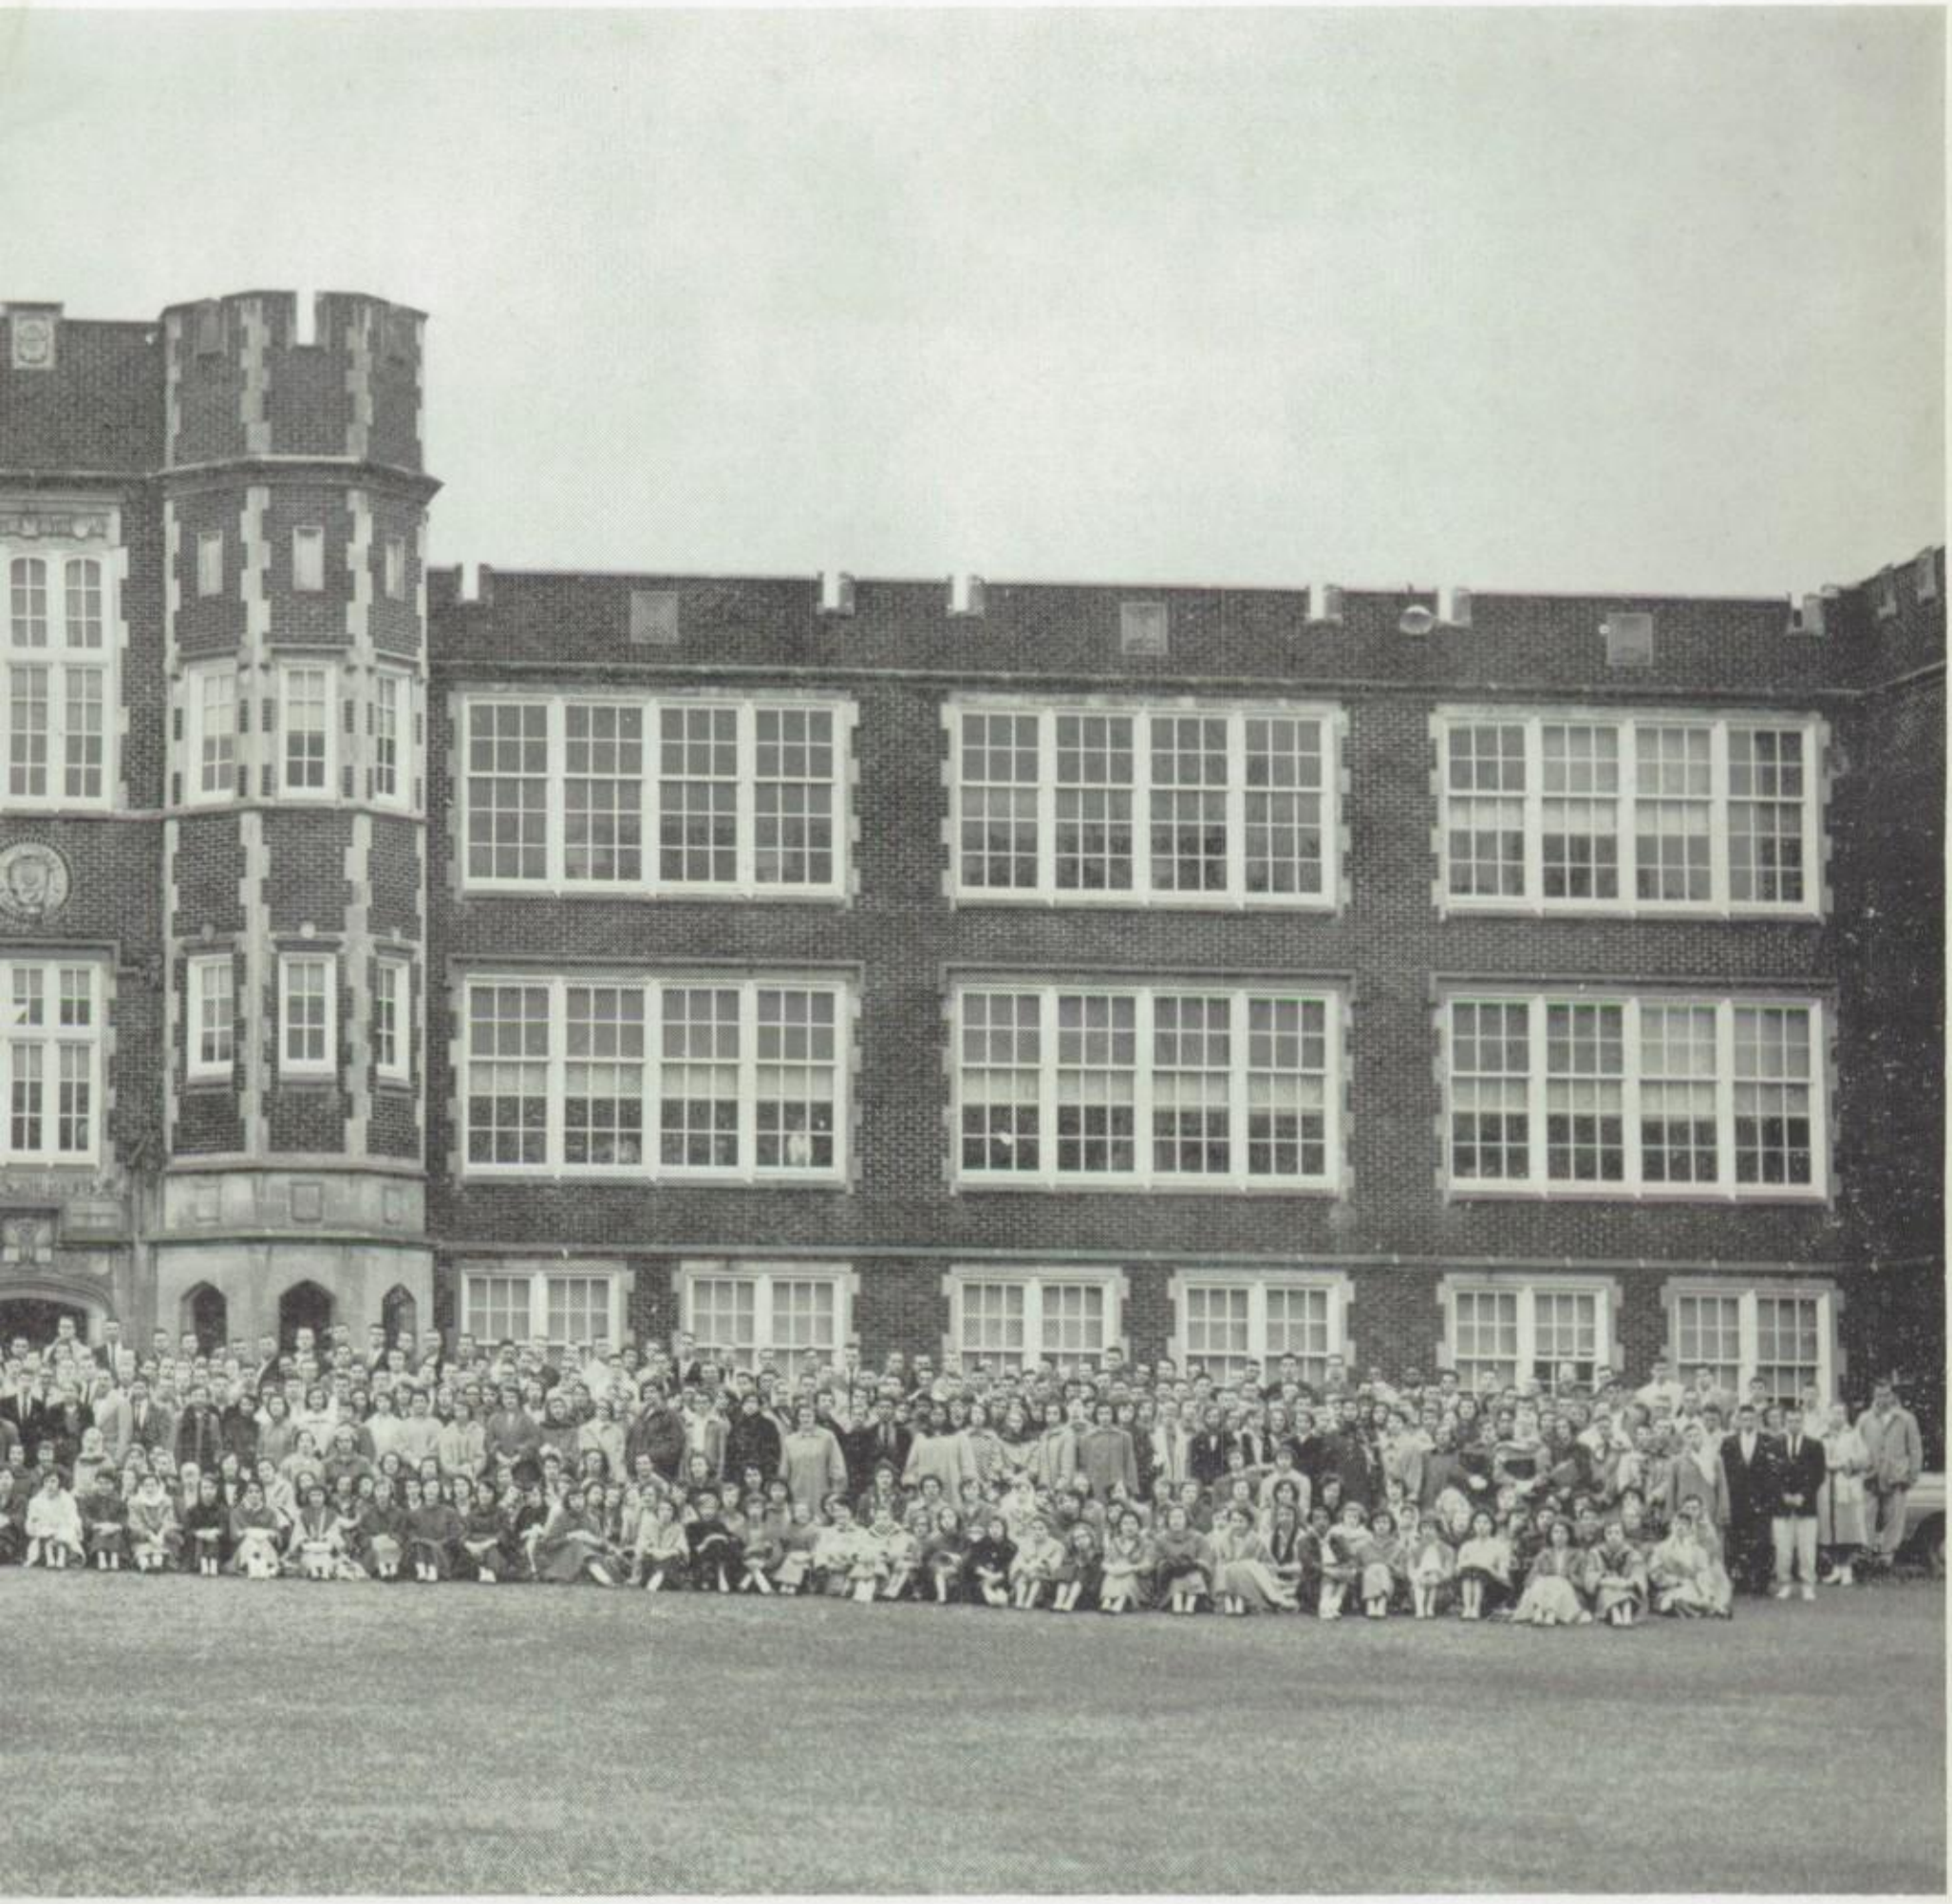


On the morning of February 15, 1956, alarm clocks were blaring in the homes of more than six hundred seniors. Instead of the usual groans of "Oh no! time to get up?" they jumped out of bed with a bounce, for this was THEIR DAY.

For a change, everyone was early in arriving at school. Attention was then focused on the clouded sky and so, as quickly as possible, the first activities of the day, the raising of the flag and the singing of the class song, were begun.

After these traditional ceremonies were concluded, the whole class assembled before the high school on the front campus where, for the first time in the history of Color Day, a picture of the class was taken. Then there was a mad scramble to home rooms where they picked up their class colors, ribbons of lavender and purple, which they proudly wore for a day.

For the Color Day Assembly, presented in the



auditorium, the stage took on all the appearances of a TV studio as the seniors presented YADROLOC, which featured a variety of TV programs. The senior high greatly enjoyed the outstanding impersonations presented by their fellow classmates, especially those of Principal Conner and Dean Musgrave.

Returning to the school that night at eight, the seniors could not recognize the gym, which had been turned into a lavender and purple paradise by the hard working decorating committee. The upperclassmen and the chaperones then enjoyed a full evening of visiting, and dancing to the music of Ronnie Singer's Orchestra.

After collecting souvenirs of cupids and hearts, and tearing down the remaining decorations, the weary seniors straggled home, thus ending one of the long-to-be-remembered days of their last year in high school.

CLASS SONG

"Farewell to Alma Mater"

Whate'er the unknown future brings of pleasures, hopes, and fears,
The mem'ries of our high school days we'll cherish through the years.
As forth we go to meet success and find our dreams come true
Led by the guiding light of faith, our lives begin anew.
We'll seek the higher things of life, for all, not for ourselves.

"For fools rush in where angels fear to tread," is an ancient remark the 1956 PARHISCHAN Staff learned to appreciate shortly after the beginning of the school year. Contemplating spending an hour a day in a sort of gossip session, since they had had no experience in publishing a yearbook, the staff were rudely awakened to find that there was work to do.

After being briefed on what might be expected, they found their first big job to be scheduling and helping take pictures—senior, club, and home room. When everyone had recovered from this strenuous program, which consumed several weeks, it was time to decide upon a theme, the cover design and color, and the art work. Then the major operation of mounting pictures became the order of the day, but while this was in progress, home room agents, who had been selected by their home room teachers, began taking subscriptions. This meant the staff must spend one day a week for four weeks collecting and counting money.

During this time and for weeks afterward, the writing of features, club activities, and captions occupied everyone's time. Even the artists did some writing, but most of their time was devoted to making layouts and doing other art work. The division pages were done entirely by Ron Byers. Ironing out last minute details had the staff rushing around to meet the final deadline, April 1.

While working, the staff enjoyed the fun of just being together. It wasn't too unusual to find them enjoying refreshments provided by some member, the adviser, or their good friends and photographers, Paul and Jim.

An international society of high school journalists, the Quill and Scroll is an honorary organization to which students showing superior ability in journalistic writing, and scholarship, may be elected. Wearing the coveted pin of the society is considered a distinct honor. The principal undertakings of Scrivener Chapter have been the Books for Spencer Project and Robert Burns Day.

Journal Staff

"Change that head!" "Where's your story?" "Rewrite!" "What! no picture?" To the uninitiated the scene would look like nothing short of bedlam—telephone ringing, typewriters banging, reporters hurrying to and fro—but this is a typical scene for a member of the staff of the *Parkersburg High School Journal*, our biweekly paper, which has won first class rating from NSPA and CSPA, regional first place in the state, and the George H. Gallup Award.

Actually, each of the reporters, editors, typists, and photographers has a certain job to perform; and although things here might seem topsy-turvy, in reality each one is going about copyreading, rewriting, and typing in a methodical manner though spirited and brisk.

The activities of the News Bureau are many, but a clear and concise interpretation of school affairs for the public, through cooperation with the *Parkersburg News* and the *Parkersburg Sentinel,* heads the list. The members of the bureau study other newspapers in order to find new ways of presenting their ideas.

In order to cover all the news of the school, each first-year journalism student has a news run for which he is responsible. Besides this, assignments are made by the second-year students, or editors, for the first-year reporters, who conduct interviews and write the stories. The reporters turn in the stories before the deadline, and the next few days are spent polishing and getting them ready for publication. The staff begins on the next paper once the previous one has gone to press.

Besides publishing the school paper, the staff has a variety of tasks, including presenting the *Journal* Talent Show, sponsoring movies, and handling the high-school publicity in the downtown papers through the News Bureau editors.

An outstanding vocal group, the A Cappella Choir is made up of students who have completed one year of vocal training in voice class. Those who have met this requirement may tryout for places left vacant by graduates, but only the choice singers are selected to fill these positions.

Though only one period a day is assigned as choir class, throughout the year there are frequent practices during home room period, for there is usually some program or other in the process of production. In the fall many A Cappella members join those of other musical organizations to give the annual revue. Shortly after this, they present the music for the Thanksgiving assembly program.

Then they must whip into shape the Christmas music, which is presented for the public as well as for the student body. No sooner is Christmas out of the way than music for the Music Festival has to be mastered.

When that is over, those who are selected to represent our choir at the All-State Choir festival begin intensive training. At the same time, the entire choir is working on Easter music and music for the Spring Concert, which, like the Christmas program, is presented to the public. The final work of the year is the preparation of selections to be given for the Senior Class Sermon and for Commencement.

This year for the first time the choir went Christmas caroling. After the last basketball game before the Holidays, they gathered at Mrs. Cunningham's and then went to serenade Mr. Conner, who was ill. From there they continued on their way to Vienna, where they had a party at Mary Ellen Lincicome's home.

"We love to sing. It's a lot of fun," this group of junior and senior girls emphatically declared. Each club period they enjoyed meeting with their friends and singing a repertoire varying from classical to pop.

With the Sophomore Girls' Chorus, under the direction of Miss Smith, they sang for the Music Festival a nursery rhyme story, which included such old favorites as "Little Boy Blue," "Old Mother Hubbard," "This Little Pig," and "Hickory, Dickory, Dock." Many of the girls also participated in the annual Revue, "Thiz-ziz-zit," which is the first musical presentation of the school year. Late in the spring they gave an assembly program which included special numbers as well as songs by the entire club, "Deep Purple" being the choice presentation of the entire group.

The club gives those girls not in other musical organizations a chance to enjoy singing, for the membership requirements are easy to meet—the ability to carry a tune, a desire to sing, the inclination to work—for much after school practice is necessary to shape up programs. After the required term of membership, those members who meet the necessary conditions are given a Marcato pin.

An old tradition of the club is to wear dark skirts and white, long-sleeved blouses when they appear on stage. This year they added to their costumes red velvet ribbons crisscrossed at the neck of the blouse.

The officers are Ann Heatwole, President; Laura Jean Snodgrass, Vice-President; Joyce Fye, Secretary; Janet James, Treasurer.

Dressed in dark skirts and pastel sweaters the Sophomore Girls' Chorus has mad several appearances this year. For a sophomore assembly the chorus sang "Ave Maria" and "Snow Legend," and different members of the group presented specialty acts and songs. With the Marcato Glee Club, they sang a group of numbers for the Musi Festival; but not just their singing put them in the limelight this year.

Made up of sophomore, junior, and senior boys, the Vivace Glee Club has as its sole purpose singing for pleasure. Each week when the members gather in 320 with Miss Smith, they join in singing light and colorful songs.

The boys who participate in this organization enjoy the music and good fellowship singing together generates. Consequently, this group remains one of the more popular boys' clubs in the school.

Owing to a lack of space, only one hundred and six of the more than two hundred who tryout for places in this group can be selected for membership. Consequently, it is considered a distinct privilege to be a member of the Junior High Girls' Glee Club, which includes seventh, eighth, and ninth graders.

Every year the club takes part in several programs. Before the Holidays they joined the Boys' Choir to give the Christmas assembly, and, early in March, played an important part in the annual Music Festival.

Junior high boys who are interested in singing should tryout for the junior high Boys' Choir. This organization, which is directed by Miss Lorene Allen, is open to boys from the seventh through the ninth grades.

The choir was very active during the past year, having participated in many musical programs. Their first public appearance of the year was the Thanksgiving program for a junior high assembly, for which they sang several seasonal songs. Next they prepared a program of Christmas carols which they presented at the annual junior high Christmas assembly.

Announcing the approach of our famous Big Red Band, we hear the roll of drums and the blare of horns, and soon we see the flash of red and white as our boys march with military precision down the thoroughfare. But whether parading in full dress regalia, or just practicing on the front campus, the band draws a crowd of admirers, both young and old.

For membership in the band, a boy must play well some band instrument, be cooperative, and have satisfactory grades. Throughout the year the band practices every fourth period except Wednesday, and, in the fall and spring, after school as well. To remain a member, each boy must take class lessons, which are held for each section some time during the school day, or must take one private lesson a week.

"National Champion Junior Band of the Veterans of Foreign Wars of the United States for 1955-1956" is the title the Big Red Band has held since its triumphant victory in Boston this past summer, where it competed even with Army and Navy bands. Our band brought home two trophies—the large one being the National Championship Trophy given in recognition of superiority in concert performance, inspection, and marching maneuvers, and the small one representing the first prize given for the best band in a parade made up of a hundred or so units.

Planning to defend its title, the band, under the direction of Mr. Frank Schroeder who led "his boys" to victory in 1955, hopes to go to Dallas, Texas, this August, again under the sponsorship of the V.F.W.

The purpose of the Distributive Education Club of America is fourfold—to develop leadership, to advance high occupational standards, to exchange ideas about what makes good salesmanship, and to promote all-round good citizenship. Any student who was sixteen years of age when school opened in the fall, and was interested in distributive occupations as a career, was eligible to membership in this club.

The ABC "DECA" emblem is a diamond-shaped figure with a wrapped package in the center from which rays, like sunshine, are radiating. The emblem signifies leadership, vocational or occupational understanding, civil consciousness, and social intelligence.

During club periods each week, the members discussed the many factors involved in becoming efficient in retail and wholesale work. Miss Pierce, the sponsor, would sometimes exchange places with a student, giving him the opportunity to conduct the meeting and thus assume some responsibility. Several outstanding figures in the local retailing field spoke to the club relating helpful personal experiences and discussing with the students the advantages and opportunities of retailing in Wood County.

The officers are Rose Ellen Yocum, President; Richard Burch, Treasurer.

Typewriting Club 234

Through activities in his typewriting club, the members of Mr. Pearson's typewriting classes apply their knowledge to the demands of many occasions. Here they may type, in fact are encouraged to type, work that is in immediate demand. It may be an essay for some class, a letter of inquiry or application, a notice for some organization, or a list of names. Sometimes some of the students even cut stencils for programs to be given at their churches or at other outside organizations.

Owing to these varied activities, the club helps to turn out students who have had only theory and practice lessons, but also practical experience.

Composed of seventy-five sophomores, juniors, and seniors, this club helped others as well as themselves. Each meeting began with devotions followed by either skits, games, movies on dress styles and etiquette, questionnaires on personality and self-improvement, or talks by guest speakers.

One of the most impressive incidents was the Candlelight Recognition Ceremony held for new members at the beginning of the year.

These girls helped with many good causes, such as selling heart bangles. Their chief responsibility, however, was helping with the Holy Week Services held in conjunction with the Hi-Y. The Y-Teens participated in the services and furnished the flowers for the stage.

A scrapbook for a foreign Y-Teen Club, showing how American teen-agers live, was made and mailed to headquarters to be sent overseas.

The activities of this group indicate they achieved their purpose: "I will try to grow as a person—To grow in friendship with people of all races, religions, and nationalities—To grow in the knowledge and love of God."

A number of times during the year they had demonstrations and talks by authorities in different fields. Among these were a beautician from the Merle Norman beauty shop, who demonstrated the correct way to care for the complexion and apply make-up, using one of the girls as her subject; and Miss Heloise Dye who visited the club at Christmas time to show the girls how to wrap packages attractively.

The activities of the year culminated in a tea given with Emily Post Club 219. One group acted as hostesses while the others were the guests.

To "Act well your part; there all the honor lies" is the goal of every student actor who is a member of the National Thespian Society, an organization for the advancement of the dramatic arts.

Club meetings are spent doing pantomimes, skits, charades, and other sorts of entertainment that have to do with dramatics. Besides these impromptu performances, this year they gave scenes from the two plays, *The Bad Seed* and *Teahouse of the August Moon,* for the other dramatics clubs.

This year's Thespian play, *Gramercy Ghost,* which was presented in December, was enjoyed by both the cast and audience. Critics commented that the play was produced in a most professional-like way.

For the Drama Festival play this year, the troupe gave *Fog in the Valley,* which was rated "superior" when presented at Morgantown. At Morgantown, also, our troupe had the best actor, Dave Warfield, who was awarded a four year scholarship; second place actress, Betsy Miller; and second place stage, Damon Pleasant's.

The main purpose of this organization is to produce progressive leaders who will be able to supervise farm programs, take an active part in farm bureaus, further the development of better farming methods, and encourage the use of more farm machinery.

The Blennerhassett Chapter founded in Parkersburg in 1938, today has seventy-three members. One of the membership requirements is that each boy have a home project, but usually each one has several projects instead of just the one required. Until a member has completed certain specifications, he is called a "green hand."

A member of F.F.A. is expected to try to achieve as high a degree of scholarship as he is able, to serve his F.F.A. chapter and community, and to learn to be a leader, as well as to learn farm supervision.

During F.F.A. Week, February 19-25, the boys honored George Washington as the first American farmer to practice soil conservation.

The boys engage in a variety of activities outside their regular meetings and duties. They sponsor an annual Talent Show to raise funds for their activities. At a Parent-Son Banquet they honor their parents and at the same time inform them further about the purposes of F.F.A. With other chapters of the Kanawha Federation they compete in a number of contests—public speaking, parliamentary procedure, quartets, and string band—on their Federation Day.

Officers are Clare Edman, President; Wayne Bargeloh, Vice-President; Kim Keever, Sentinel; Donald Eaton, Secretary; Lester Newberry, Treasurer; David Phillips, Recorder.

Infirmary Assistants

Anyone who is ill or injured can get immediate attention from Mrs. Herdman and her assistants. When a "patient" steps into the room, one of the "nurses" pops a thermometer into his mouth, and, when necessary, hands him a glass of water and a PAC. The assistants also apply minor first aid and help keep records up-to-date. Through this experience and association with Mrs. Herdman, they gain some knowledge of the duties of professional nursing.

Being a Main Office Assistant sounds like an easy, sitting down job, but it isn't. Whether the students are operating the switchboard, receiving calls and answering in a pleasant voice, or giving information to students and visitors, their efficient and courteous manner merits admiration. Their work includes other tasks, such as running errands, and directing visitors to different parts of the building.

To train boys to operate the equipment used in the audio-visual program at P.H.S. is the purpose of the club. From this group come the boys who daily show students in the auditorium, classrooms, and field house the movies, slides, and film strips scheduled for their instruction.

Those boys who are especially interested and skilful in the manipulation of mechanical devices become operators if their grades are satisfactory, and if their schedules can be arranged so that they may devote a class hour to this work.

Each week during club period, the boys who make up the Little Red Football Team meet with Coach Sayre to learn more about how to play football.

During football season they compete with small high schools and with the junior varsities of the schools whose first teams are playing the Big Reds.

The remainder of the year is spent studying strategy—good defensive and offensive plays using blackboard diagrams—and watching movies of Big Red games as well as the work of other teams. The program of the club makes their goal, to become members of the Big Red team, easier to attain.

Little Red Basketball Club

Under the supervision of Coach Sayre, the members of the Little Red Basketball Club use every available means to learn more about how championship basketball is played.

By watching movies of previous games and discussing them with the coach, the boys detect many of their errors and learn how to correct them. Each boy receives the necessary training to enable him to play a skilful game of basketball whether just for a pastime sport or for school competition.

During their weekly club sessions, they took up a collection to use for a party at the end of the year. They did this in conjunction with the Big Red Baseball Club, which meets with them. Because the groups are together, they have only one set of officers.

Officers are Jim Bowersock, President; Gary Woods, Vice-President; Pat Bartlett, Secretary; George Collins, Treasurer.

The Girls' Athletic Association offers an opportunity for fun, exercise, and good sportsmanship. Each year these girls play a wide assortment of competitive games and learn many new rhythmic dances.

Representatives of G.A.A. have the pleasure of attending Play Day in other schools and also of sponsoring a Play Day twice a year in Memorial Field House. This is a day on which girls from different schools congregate to play competitive games and to improve the relationship between their schools.

Later this year when the Woman's Club is having a Mexican speaker, some of the girls have been asked to perform several Mexican dances. Also the Business and Professional Woman's Club has asked them to have several South American dances for a Pan-American Day program.

Besides giving many dances for the Sports Carnival, the G.A.A. also sponsors a special assembly for the senior high. The program this year was made up of such numbers as square dances, South American dances, and modern dances.

The club is divided into two teams, which, throughout the year play many different games. Near the close of school, the team having the fewer points treats the winning team to a party.

Officers are Donna Benedum, President; Vera Horner, Secretary; Suzie Cooper, Treasurer; Jennelou Tebay, Points Chairman; Jane Norman, Historian; Joan Lawman, Annette Williams, Team Captains; Annette Williams, Committee.

Girls' Sport Club

Sophomore girls who are the members of this club spend their activity periods participating in different types of sports such as volley ball, basketball, ping pong, and badminton. Performance in the Sports Carnival was their chief activity of the year. The season ended with a picnic.

Big Red Baseball Club

This club is organized to provide members for the Big Red Baseball Team. Any boy from the ninth through the twelfth grades is eligible. Through the winter, Coach Sayre illustrates different plays by diagramming them on the blackboard, and explaining when and how they are used. When baseball practice started in March, the boys put into practice what they had learned in club meetings.

Since the Big Red Basketball Club is made up of the Big Red Team, meetings are usually spent discussing future games. Often under the supervision of their coach, Mr. Mandich, they see movies of previous games and discuss how they may improve their strategy for future games. Scouting inormation is often used in determining the possible skill of a future opponent.

Seventh-Eighth Football Club

Among the members of Mr. Thorpe's football club are, no doubt, the Big Reds of tomorrow. During club period, they, too, study the fundamentals and discuss the games they have already played. To make a good football player a boy must be physically fit, must be willing to study, and must spend much time in practice. Officers are Raymond Monroe, President; Ralph Westfall, Vice-President; Richard Sallee, Secretary-Treasurer.

The Physical Education Assistants are juniors and seniors who have shown a special interest in physical education and are able to accept responsibility. They play a main part in our sport carnivals, assemblies, and other affairs that require gymnastic feats. Some of the girls serve as typists and errand girls, and answer telephones.

These young people have certain obligations to shoulder as well as interesting activities to participate in. For instance, one boy or girl will check showers while another takes the roll. Other duties are the checking in and out of equipment each period, assisting the main physical education teachers

ROW THREE: David Schlarb, Roy Oman, Warren Rarde, Jack Berry, James Hackett, Richard Dakin, Bill McMurray, Howard Null, Herb Snodgrass, James Criss, Johnny Webb, Dean McKay, Bill Leochman.

by doing odd jobs that would otherwise take their valuable time, and serving as monitors in the dressing rooms. With so many people enrolled in physical education, someone is needed to help with the details, and this job is performed very well by student assistants.

Then, if an assistant desires to do so, he may be an official at such games as basketball, volley ball, and touch football. This is a job, or course, for a person who knows the rules and can be impartial.

Some of the girls in the group belong to the Girls' Athletic Association, and the boys usually belong to an athletic group or an intramural team. Being an assistant helps the student, as well as the Physical Education Department, by giving him a sense of responsibility and leadership.

After interviewing many student assistants, we found they perform endless tasks for their teachers. The work they do depends largely upon the teacher and the department they serve. For instance, a student in the speech department helps organize and write TV and radio shows, signs up speakers for the West Contests, and signs out orations; while an assistant in art helps students with their drawings, modeling, and other art work, straightening lettering on posters and mending broken ceramic pieces. Other students operate the reading accelerator for the English department, circulate bulletins, file

cards, keep phonograph records in order in the cabinets, and deliver the magazines ued by the department.

Among the duties that are common to almost all are the taking of pass slips, notes of various sorts to other teachers, keeping bulletin board up-to-date, and checking and recording papers. Once in a while some one will take over the class when it is necessary for the teacher to be gone. Some of the assistants clean desks and cupboards, and, as one said, serve as "general handymen." All teachers expect their assistants to conduct themselves in an exemplary fashion.

The junior high boys who want to be members of the gymnastics club, and have aspirations of belonging to the team, begin their training here, under Mr. Perry's supervision. When the club program begins, they are divided into three groups—beginners, intermediates, and advanced—and, as they become proficient, they advance to the next higher class.

The beginners start with the simplest and easiest exercises—back and front rolls, and hand stands. The intermediates continue these simple operations and add somersaulting, which is more difficult.

The advanced group have become so expert that they learn handsprings, back and front somersaults, and rows of handsprings. They often go through the routines with the senior high boys who are expert gymnasts.

Officers are Jan Compton, Captain; Gary Dailey, Co-Captain.

Each Monday, representatives from the fifty-five senior high home rooms gather in the cafeteria with their officers and sponsor to discuss problems and projects on a student level. It is through these elected home room officers that the news of school activities is passed on to the student body. During the year, the council supervises the Red Cross and March of Dimes fund raising drives, along with the preparation of food baskets and donations at Christmas time. Twice a year it sponsors the popular "sock hops" in the field house to raise the necessary funds for council operation.

Committees from Student Council perform many services at P.H.S. The assembly committee meets with the faculty committee to help plan the year's programs. Each year, prior to the election of the next year's officers, a council committee must first eliminate the field of candidates and prepare for the campaigns and election. After the election the new officers meet with Miss Musgrave to plan for the coming year.

Coöperation with the faculty and administration is the aim of Student Council. With this in mind, much was accomplished the past year.

During the past year the Junior High Student Council, which is composed of the presidents of the junior high home rooms, has accomplished its many aims. Having their meetings on Monday during home room period in 202, they plan the activities for the junior high.

Sponsoring an assembly which explained the traditions of P.H.S. to new pupils was their first objective. Their next problem was to set up the club program, which is much like that of the senior high. Christmas service projects for needy families brought a great deal of happiness to those who gave as well as to those who received.

Every year the council has charge of the Talent and the Recognition Day Assemblies, and annually sponsors drives for funds for the Junior Red Cross, the Heart Foundation, and the Tuberculosis League.

Besides dealing with the annual activities, the council also works on current problems such as conduct in the cafeteria.

1955 Big Red Football Season

ROW THREE: Darrel Hupp, John Busch, Dick Barrett, Bob Wright, Bob Holland, Jim Yeard-

Although the 1955 Big Red Football season was not as successful as had been hoped for, the team showed outstanding spirit and determination in their playing, which was admired by all the Big Red fans.

September 9—Buckhannon

To open the 1955 season, the Big Reds completely outplayed the visitors from Buckhannon-Upshur to capture a 47-13 victory. After playing an unimpressive first half, which ended with the Big Reds on top 14-6, they surprised everyone by coming back in the third quarter with two touchdowns and scoring three more in the final.

Although there was room for improvement, the team showed a certain amount of spark in the blocking and tackling department. The running of Jim Deem and James Bargeloh deserves mention. Ray Slaughter and Terry Moore were outstanding for the visitors.

September 16—Wheeling

The second game of the season brought down the curtain on any hopes for an undefeated season as Wheeling downed the Big Reds by a score of 33-0.

The score, however, gives a false impression, for the Big Reds were very much in the game until late in the third quarter when one of several Big Red drives was stopped on the seventeen yard line and was turned into a Wheeling score.

Behind 13 to 0 at the half, the Big Reds came back in the final half with several drives which ended short of the goal because of fumbles and interceptions.

The line play of Darrell Hupp and Jay Yeardley stood out for the Red and White, while Bill Edge led the Wheeling attack.

September 23—Marietta

On September 23 the underdog Big Red Football team traveled to Marietta to challenge the highly touted Marietta Tigers on a sea of mud. A continuous drizzle further hampered playing conditions and fumbles were frequent and figured often in the scoring.

Marietta, an eventual 18-6 victor, scored first on a fifty-two yard drive, the only one not set up by a miscue. The Big Reds were unable to get the offense into operation and the half ended with the score standing at 6-0.

In the third quarter, Marietta pushed over two more tallies set up by fumbles and held a commanding 18-0 lead. At the start of the fourth quarter, the Big Reds came back with their initial score, also set up by a fumble, and tried every trick in the bag to get back in the game. But time ran out and the score stood at 18-6.

Outstanding line play highlighted the game for Parkersburg, while the effective running of Jim Mayers and Roger King added to the eventual outcome for the opposition.

September 30—Triadelphia

On September 30, the Big Reds went on the second road trip of the year to Wheeling Island Stadium to meet Triadelphia High School. Again the game was marred by fumbles, which as usual worked to the local's disadvantage. But the turning point of the game came, oddly enough, on a Triad fumble in the closing seconds of the first half. A completed pass was fumbled at midfield by Ed Kaus, Triad end, and the loose ball was scooped up by Tom Seaman, an outstanding performer, who converted it into a touchdown. The extra point was kicked after time had run out.

Triadelphia came back in the second half with two touchdowns and the Big Reds returned with a tally in the third quarter but it wasn't enough. The final score was 32-20 in favor of the Triads.

ley, Dick Jennings, Norman Kendall, Bus Coulter, Marlin Sams, John Schraub, Jim Linger, Don Taylor, Herb Sams, Jay Yeardley, Jim Bargeloh. ROW FOUR: Tom Tucker, Leon Bartlett, Lee Reynolds, Lewis Smith, Lynn Williams, Butch Shaver, Popcorn Eddy, George Haskins, Jim Bruffey, Dave Hoyt, Gene Kuhn, Larry Highland, Phil Smith, Robert DeMoss. ABSENTEES: Coaches Scott and Lanning, Dave Talbott, Jim Burdette, Mike Locke, Arthur Trimble.

Jack Seckman and Dave Aunon were outstanding for the winners while Johnny Schraub and Dave Coulter performed well for the locals.

October 7—Washington Irving

The Big Reds snapped a three game losing streak by completely outmaneuvering Clarksburg's Washington Irving. The game, which was played in a steady downpour of rain, was seen by approximately three hundred people, who braved the weather to watch the Big Reds pound out a convincing 20-0 victory. This game marked the return of Tom Brown, the only returning regular from the '54 team, who had been out with injuries. He proceeded to engineer the first touchdown and was a continual ground gainer during the whole game. James Bargeloh and Buddy James also added to the winning cause. It was Bargeloh who added the other two scores, in the second and fourth quarters.

Exceptional play calling and effective blocking and tackling enabled the Big Reds to move with ease, while allowing W.I. to penetrate their territory only three times.

October 14—Huntington

Playing away from home for the fourth straight week, the Big Reds met Huntington High School at Fairfield Stadium and went down to a 32-6 defeat. Again fumbles played an important part in the game as the Big Reds lost the ball four times. They were also hindered by numerous penalties which nullified many good gains.

Huntington scored first and held a 7-0 lead up to the half. Both teams threatened but neither was able to score. Then in the third quarter a Parkersburg drive stalled and Huntington converted it into a seventy-eight yard drive and a touchdown. The Big Reds then moved the ball to their initial score, helped by the running of Tom Brown and Jim Bargeloh. The Pony Express retaliated by scoring once more in the third quarter and succeeded in putting the game on ice with two more scores in the final period.

Much of the credit for Huntington's win goes to backs, Ronnie Scites and Fred Steinbecker, and the line led by Tom Tweel.

The Big Red cause was aided by the offensive and defensive play of Bob Holland and the previously mentioned Brown and Bargeloh.

October 21—Charleston

The Big Reds played host to Charleston for the 1955 Homecoming and found the Mountain Lions too powerful to subdue. The final score, 27-7, did not indicate how evenly the teams were matched.

Completely outplayed throughout the first quarter, the Big Reds found themselves behind 12-0, the result of the running of Charleston halfback Jim Miller. It was then that the Big Reds seemed to come alive.

On the kickoff, a penalty set the Big Reds back to the six. From there they moved the ball ninety-four yards for a touchdown. The drive was topped off by a sixty-nine yard run by Tom Brown to the five yard line and was carried over by Butch Shaver for the score. Holland converted and the score was 14-7.

Charleston, after an exchange of punts, took advantage of a third down break to move for their third score. Quarterback Kryzak's pass was deflected by a Big Red defender and pulled in by a Charleston receiver for a first down.

They continued on to score and the half ended with Charleston on top 20-7. The visitors scored once more in a closely played second half and the final score was Charleston 27 and the Big Reds 7.

Darrell Hupp and the entire line played well and backed up the running of Brown and Bargeloh by opening up holes in the line with some fine blocking.

Barly Barbrug and Danny Kryzak were outstanding for the visitors.

Dave Talbott, a senior, was the winner of the P.H.S. Alumni Award, which was announced at halftime.

October 28—Stonewall Jackson

On October 28 the Big Reds met Stonewall Jackson at Laidley Field in Charleston and sent the hapless Generals down to their eighth defeat of the season, 33-12.

Behind the running of Tom Brown and Dave Coulter's playmaking, the Big Reds found themselves on top at the half, 13-0. The Generals came back in the third quarter with a sixty-nine yard drive for their first score. Then came the turning point of the game. The Generals, behind by seven points, had received a punt deep in their own territory. Their try for a first down failed and the Big Reds converted it into a score. The Generals came back to score once more, while allowing two more Parkersburg tallies to end the game with P.H.S. on top 33-12.

Besides Brown and Coulter, James Bargeloh again played well. The entire line deserves credit for consistent play.

James Harrick and "Tank" Wilson performed creditably for the losing Stonewall Jackson team.

November 4—Huntington East

On November 4 the Big Reds met the Huntington East Highlanders at Stadium Field and made it two straight by downing the visitors with a score of 28-12.

The Big Reds took the opening kickoff and moved it for their first touchdown. In order to rack up the four first downs on the drive, the Big Reds gambled twice on the fourth down to continue the drive. Holland carried the ball over from the eight, and then converted the first of four successful conversions.

Then the Highlanders countered with a score of their own but were unsuccessful with the point. The quarter ended 7-6. The start of the Big Reds second scoring drive was unique in that the Big Reds lost the ball on the first play and recovered a Highlander fumble on the next. Then they marched sixty-five yards in seven plays, with the score coming on a pass from Tom Brown to Sophomore John Pfalsgraf. Holland converted and the score was 14-6.

The next Big Red score came as the result of a fourth down gamble by Huntington East. The drive bogged down and the Big Reds took over and in six plays they boosted the score to 21-6.

The second half saw the Highlanders and the Big Reds exchange scores. Tom Brown scored the final tally on an eighty yard run, and Holland made it four for four with his conversion.

Tom Brown and Johnny Frye were outstanding for the winners and losers respectively.

November 11—Wierton

In the last game of the season the Big Reds played host to the Wierton Red Riders and brought down the curtain on the local football scene.

Late in the first quarter Wierton converted an intercepted pass into their first score of the evening. Bob Jeter scored from thirteen yards out to end the drive, and Connell's point was good.

Midway in the second quarter, Wierton drove thirty-two yards for their second score, climaxed by a forty-three yard pass play from quarterback Thompson to the fullback Brown. Connell converted again and the half ended 14-0.

After receiving the second half kickoff, the Big Reds marched sixty-three yards with Tom Brown scoring and Bob Holland adding the extra point.

The Red Riders immediately started another drive which bogged down on the Parkersburg twenty-six.

Then the Big Reds, trailing by seven points, began to threaten. Jim Bargeloh, after a series of short gains, carried the ball to the visitors' eight, and so the stage was set. Two plays and one offensive penalty later, Tom Brown crossed the goal, but a second penalty was called and Wierton took over on downs one play later on their own one.

This ended the Big Reds threat and Wierton, aided by Bob Jeter's sixty-three yard gallop to the goal, led by 20-7.

With time running out, the visitors intercepted a Big Red pass and scored again with but twenty-five seconds remaining.

The rugged line play of both teams was outstanding, while Brown and Bargeloh and Wierton's Jeter added to the running thrill.

1955 Little Red Football

September 10—Little Reds 20; Harrisville 0

Inaugurating the season in championship form, the Little Red grid machine racked up three touchdowns in the last half to overcome the tough Gator eleven. In the third quarter, after stopping a Harrisville drive deep in their territory, the Reds gathered steam and moved the pigskin to the Gator twenty-six, where Charles McKay set sail around left end on a reverse play to score standing up. In the fourth canto, Melvin Gotschall hauled down a Gator pass and scampered twenty-six yards to score the Reds' second TD. The final tally came when McKay plunged over from two yards out.

September 17—Little Reds 32; The Plains 6

Coaches Robert Dutton and David Sayre unveiled the 1955 version of the Little Red team for the first time before the home town fans, and the sophs, combining a hard running and deadly passing attack, lost no time in demonstrating their potential. After recovering a fumble, the Reds marched to the nineteen yard line, where McKay sprinted around left end to score. Two Donzil Eddy to John Pfalzgraf aerials accounted for two more touchdowns. George Nedeff plunged over from the three and Art Daniels raced from nineteen yards out to complete the rout.

September 24—Little Reds 6; Rutland 52

Using its superior speed, weight, and experience to a distinct advantage, the smooth-working Rutland combine proved to be too much for the Little Reds, handing them their first defeat in three starts. Time after time the hard driving Rutland backs ripped through the Little Reds line for large yardage. On defense, Rutland was superb, constantly snowing under the Reds' speedy members before they could find running room.

October 1—Little Reds 0; Belpre 36

Cross-river rival Belpre, completely disregarding the Reds' 2-1 record, ran through and around and passed over the sophs' line to rack up an overwhelming victory. The Big Golden Eagle line proved to be the big difference, continually bottling up the elusive Little Red backs, and at the same time opening up large holes in the Little Red forward wall for the shifty Belpre backs.

October 8—Little Reds 55; Spencer Reserves 7

Snapping a two-game losing streak, the Little Reds displayed a brilliant running attack in routing the Spencer lads. The game was never in doubt as the Reds started rolling in the first quarter and continued in their high scoring ways throughout the contest. Four soph players, each with two touchdowns, accounted for the total score. Paul Adams, with his educated toe working to near perfection, added seven points in eight extra point attempts.

October 15—Little Reds 6; Marietta Reserves 20

The Little Reds often play in preliminaries preceding the Big Red games. They finished the season with a very successful record of ten wins and ten losses. Standout games were wins over the Spencer and Marietta reserves and hard fought losses to Glenville and Belpre high schools.

Outstanding performances were given by Gibbons, Pfalsgraf, Booth, Hannaman, McKay, and Collins during the year. Winning a starting position on the Big Reds is the goal of all the boys.

Inexperience and weather hampered the defending State Champion Big Red baseball team, who, after starting the season with three wins against no losses, dropped the fourth game to an always tough Pennsboro nine. This loss marked the end of a twenty game winning streak for the Big Reds.

As the season progressed, the Big Reds picked up several wins while losing others by close scores, when rallies failed to produce the winning margins.

The Big Reds looked impressive as they made a clean sweep of the Sectional Tournament. Then in the Regional they dropped a well played contest to St. Marys which ended a very satisfactory season.

Although the loss of seven of the twelve lettermen will leave the 1956 nine in quest of new material, Coach Sayre, who replaced T. Cross, the new Business Manager, hopes to improve on the 1955 total of eight wins and six losses.

1955 Big Red Track

March winds and April showers didn't discourage approximately seventy candidates who greeted Coach "Pop" Lanning at the start of the 1955 track season.

Making their debut at the Stonewall Invitational, the P.H.S. thinclads took second place behind the host team. As the season progressed, the Big Reds tied for third place in the Wheeling Invitationals, with teams from Pennsylvania and Ohio grabbing the top spots. In the Big Five, held at the stadium, P.H.S. again finished second behind Stonewall Jackson. Then in a series of meets with Marietta and Belpre, the Big Reds dominated practically every event to top the nearby rivals. Ending the regular season by participating in the Huntington and Gazette Relays, the Big Reds met improved competition by making impressive showings themselves.

In the Regionals at Huntington, the Red and White took first place and qualified twenty boys to participate in the state meet the following week. On May 14, the state meet was held in Charleston, with Stonewall Jackson again gaining top spot, followed closely by Charleston and Parkersburg. Field's win in the discus throw was the only Big Red first place, but several others gained second and third places to insure a good finish to a good season.

Along with three graduating lettermen, Coach Powell, who handled field events, will be missed during the 1956 season, but the fifteen returning lettermen and Coach Lanning look forward to 1956 as their year to win.

1955 Big Red Golf

The 1955 Big Red Golf team opened their season on April 23 at Morgantown, where they took second place to the host team in a quadranglar meet.

This was the only time during the regular season that the team settled for anything less than first place. Showing marked improvement as the season progressed, the golfers compiled an impressive record of six first's and one second. An impromptu match with the Marshall College freshmen on May 6 ended in a tie. In the second State High School Golf Tournament, again held at the Parkersburg Country Club, the Big Reds closed their season by taking second place behind a strong Madison team.

Returning lettermen this year are Burton Dudding, Bob Burk, Ted Cundiff, Ed Nulter, and Don Woollard.

With the loss of only two lettermen from last year's team, Coach Dutton is looking forward to 1956 as another successful year.

Twenty years ago, Coach Edgar Rhodes introduced the intramural program to P.H.S. Expanding to its present size, the program makes it possible for every senior high boys' home room to take part, on a competitive basis, in football, basketball volley ball, bowling, and softball, as well as in a number of individual sports. Team totals are compiled, and each year a winning home room is declared. Last year, the coveted oaken bucket was won by 217, with 1109 points. Also, an individual winner is picked. 1955's winner was Wayne Brown of 217 with 183 points.

As the program for 1956 is nearing the end, Electric Shop is leading in team points with 600, and Bob McCutcheon of 120 is leading in individual scoring with 125 points.

At the annual Sports Carnival, winners in winter time sports and virtually all individual sports will be decided by playoffs.

In connection with the intramural program, the Intramural Council, made up of representatives of participating home rooms, meets every Thursday to plan schedules, interpret rules, and promote good sportsmanship—the main purpose of the program.

Concession Stand Helpers

ROW ONE: Bill Fulton, David Booth, Art Houston, Bob Samuels, Jack Staton, Tom Caplinger, Paul Hopkins, Bill Richardson, Mike Janes, Charlie Webb, Steve Humphery, Denzil Deem. ROW TWO: Bill Wile, Dave Pierce, Gary Murphy, Tom Lee, Karl Morey, Jim Hacket, Roy Oman, Denver Deem, Mike Oliver, Clay Skeens. ROW THREE: Jean Cantey, Gerry Boggs, Roberta Banks, Ann Heatwole, Sally Corbin, Cora Lee Dotson, Bonnie Norman, Joyce Young, Janice Jeffries, Judy Tefft, Jane Smith, Sheri Thomas, Jo Ann Tonge, Nancy Parker, Joyce Fye, Mary Walker, Joanne McGinnis, Jeannine Ewing, Anne Goudy, Liane Cain, Ginger Smith, Judy Sutton, Sue Oiler.

During the football and basketball seasons, a group of ambitious senior boys and girls take over the operation of the concession stands in the stadium and the field house.

Numbering around forty-five, the workers are assigned positions at the different stands to sell cokes and other refreshments to the spectators. For their efforts, the class pays their yearbook cut fees. The proceeds from the concession stand sales are the only source of income the class has other than the class play.

The fate of the concession stand worker is not all toil, however. Often interesting and amusing situations result from the half-time rush—spectators with foaming cokes and no cups to put them in, customers (bless their hearts) who want to know the name of every candy bar in stock, and the millionaires with nothing smaller than a ten.

Through it all, from the first warm football night in September to the last snowy basketball night in March, the workers remain faithful. This year, they performed extras by operating the stands during the wrestling tournament and the sectional and regional basketball tournaments.

MARSHA BUCKNER says Vienna will be a great metropolis someday. GLEN WIGAL will soon be a "fly boy." SHIRLEY McCLUNG is a very patriotic boy. His favorite song is "The National Anthem." LEO FLINN may be making cabinets for your kitchens someday, girls. MARLIN SAMS is always singing a certain "Carol." DAVE PIERCE was too big for the City Park Hockey Team. JANICE DOYLE will someday replace Mrs. Fay in study hall. LINN POWER is the only A Cappella member who will still dare to sing with Vivace. BILL WILE has the characteristics of Davy Crockett. TOM FERRELL plans to go into the oil business with a buddy. Wonder if he'll move to Texas? LARRY WOLFE says he doesn't even know Little Red Riding Hood. LEWIS SMITH will be a coach for the Cincinnati Redlegs someday. WAYNE "Rod" DUGAN can't decide whether he wants to play on the House of David or be Sheree North's dancing partner. LAIRRY SHORT's favorite game is "Pretend." MARVIN DUCKWORTH will serve his country as an Air Force pilot. Where did JAMES SOMERVILLE get the nickname "Shafty"? All the girls love to go to SHIRLEY GROGAN's slumber parties. We predict that CHARLIE WEBB will replace Rod Hundley on the basketball team at W.V.U.
